Each year schools are required to seek feedback from parents, student and teachers in relation to the level of satisfaction regarding the programs offered, communication and relationships between all parties and the general school facilities and resources.

The information in this flyer, prepared by the St Monica’s Council Executive, is a collation of the positive comments provided by parents on the following areas in the 2014 end of year parent survey.

### Areas for Review, Growth and/or Improvement

Over the coming weeks a response will be published on the topics that attracted a number of similar comments. The responses will help parents to understand current policy or indicate how the Community Council and the school Leadership Team plan to address the issues/concerns raised. General areas have been grouped into the following categories: Behaviour Management, Facilities, Teaching and Sport Program, Technology, Extra Services, Communication, Interviews and Reports.
